INSTALLATION

Laying a wooden floor requires expert, trade or proficient DIY skills. As well as a full range of installation products (including underlays, adhesives and trims), Brooksfloor also offer installation advice (further information at: **www.brooksfloor.co.uk/installation.php**). If you're not sure about any aspect of the work please contact us.

MAINTENANCE

A simple vacuum, sweep or dry mop is all that's needed to clean day-to-day dust and loose dirt. For a more intensive 'refresher' clean, we recommended after-care cleaning/maintenance products. As 80% of dirt comes from outside, we suggest placing sturdy doormats and rugs at entry points and use furniture pads under chair legs and heavy furniture. For further advice on maintaining your floor and available products go to **www.brooksfloor.co.uk/maintenance.php**
